

Program approval

After obtaining a positive opinion from AOTMiT, the program should be adopted by the commune, powiat or voivodeship council. The appendix to the resolution must be the program approved by AOTMiT. If the opinion is conditional, the appendix to the resolution should be the program taking into account the comments of AOTMiT.

How to step by step to implement the Health Policy Program (PPZ)

Bid competition

Pursuant to Art. 48b of the Act on health care services financed from public funds, the announcement of a competition to select a program implementer must take place at least 15 days before the deadline for submitting offers. The notice must specify:

The subject of the tender competition.

Requirements for bidders necessary to implement the health policy program

Time and place for submitting offers.

Worth knowing

- In the case of health policy programs, the provisions on public procurement and provisions on public benefit activities do not apply.
- The subject of the competition referred to in the Act may only be the implementation of the program.
- In the case of programs financed from public funds, the implementer of the health policy program may be the entity performing the medical activity (sometimes it has to, if the program provides health services)

Source: Healthcare Services Act

The area of health protection and promotion belongs to the sphere of public tasks, referred to in the Act of 24 April 2004 on Public Benefit and Volunteer Work (Journal of Laws of 2010, No. 234, item 1536, as amended). Therefore, it is possible to commission the implementation of public tasks in this area to public benefit organizations, but then other rules of announcing and conducting a tender competition apply. This does not apply to health policy programs may be health promotion tasks. There may also be a competition under the Public Health Act.

Selecting contractors and signing contracts

A local government unit concludes an agreement with the entity / entities (there may be more than 1) that won the competition. It must specify in detail, inter alia, description of the task, amount and method

of payment, date of completion, method of settlement and monitoring of financial resources and methods of controlling the performance of the activity.

Program implementation

The program should be implemented in accordance with the adopted assumptions and schedule. It is important, together with the implementer, to take care of information and promotion activities, thanks to which the recipients of the program learn about the ongoing initiatives. It is also important to keep up-to-date documentation and collect the data that will be needed to define the results achieved and report the results.
